NOTES: Dr. John WorldPeace JD

I was born in 1948, in Houston, Texas.

In October 1970, I wrote my first poem of the poems that I am publishing. Since then, I have written about 2400 poems. Most of the poems could be looked at as a short biography of my life; one-page snap-shots of what I was thinking or experiencing at the moment over the last 50 years.

I have also published selections of the poems. In June 2018, I began to self-publish the selections of poems and all the poems I have ever written to date in chronological order using Amazon's self-publishing software. There will be about 30 poem books in total. I did not publish the various books in chronological order.

I will continue to write poems and in fact, will probably increase the volume of poems over the coming years. I also intend to pick a theme like Santa Fe, New Mexico and write a book about my impressions there. The number of possible subjects is infinite.

I have also published a book of Haiku which are 3 line poems with 5, 7, 5 syllables per line. I would expect to publish a book of these poems annually and also some theme books of Haiku.

My genetics and my current state of health make me confident, barring some accident, that I will live past 100.

I do not force my poems. I don't write unless I feel inspired. I have no desire to set a world record for a number of poems written in a lifetime. Working toward some number of poems would crash the whole project by cheapening it.

The poems are written in a couple of minutes, 2-10, then put away in a binder by year. I have lost less than a dozen poems over the years. Usually within 5-10 minutes after writing the poem I have no real memory of what I wrote. However, if I reread it, I will have a familiarity with what I wrote. The changes I make when publishing are very few.

This book was conceived in 1995. I wrote half of it and then stopped. I picked it up again a month ago and finished it. 190630.

I have never seen a book of one line poems. I can see I will write more one-liners now that I understand what I am doing and have a process.

From my website (johnworldpeace.com) you will see over 9000 pages. I have had many significant projects in my life and several have been going forward for 50+ years.

I have a lot of experience and three university degrees. I have never stopped expanding my mind. 50+ years of writing poems, spiritual books, Jesus books, a few novels have given me a significant channel into an infinite reservoir. I am 71 going on 40.

I say this in case you wonder where 1000 one line poems came from.

PROLOGUE

All understanding seems like nonsense.

All teachings seem like nonsense.

All realities seem like nonsense.

All knowledge seems like nonsense.

All experience seems like nonsense.

All utterances seem like nonsense.

All thoughts seem like nonsense.

All wisdom seems like nonsense.

The only sense is nonsense

and infinite nonsense is perfect clarity

residing within Infinite Oneness.

Nothing is really ever what it seems to be!

Apathy reigns in the World Human Society. Few care.

Dr John WorldPeace JD

Who is Dr. John WorldPeace JD ?

When I was about 8 years old, I became aware that all human beings die. I became aware that these fragile human bodies are not immortal and eternal but are mortal and finite. I also became aware that at the end of each life, one's consciousness exits this reality with nothing but one's experiences. Into this reality, we all come without material possessions, other than our human bodies, and from this reality, we all leave with only the script of our lives which we wrote. That is our testament and upon that testament, we should contemplate; not just when we die but often as we experience this life.

My primary purpose in this life is to challenge the predatory nature of homo sapiens globally. My focus is bringing forward a more sane and just world human society.

It is my intention to live a minimalist life to prove that the accumulation of wealth is not necessary for a happy and successful life and that it, in fact, creates confusion and chaos in one's life as well as the world human society. The only power I will have is the power of the truth of the various aspects of my Advocacy for peace and WorldPeace.

My concept of family discounts biology. All men are my father, brother, son. All women are my mother, sister, daughter. Children are of my body, not my soul.

I do not belong to any organization. I am not a religionist but a spiritualist. The difference is that religion is a human corporation. Spirituality is a direct relationship with God.

I changed my name to John WorldPeace (one word) on April 1, 1988, Good Friday and April Fool's day. I changed my name to WorldPeace as evidence of my commitment to increasing the peace in the world human society.

I have been self-employed 95% of my working career in insurance, accounting, tax, law, and now web design. I will never retire. I am an artist and writer and poet.

My funds come from my web design business, art, and books. All incoming monies go to promoting my businesses which collaterally promotes WorldPeace in one way or another. My ego is firmly anchored in my WorldPeace Advocacy and not in any way with the egotistic accumulation and management of physical assets or money in the bank as an objective in my life or measure of success. I am 100% committed to increasing the peace in the world human society and not committed to the accumulation of assets except incidentally, as above, to promote WorldPeace.
