ACKNOWLEDGMENT  
JESUS CHRIST

I am a Spiritual Christian, not a Corporate Bureaucratic Christian. I absolutely believe in the Resurrection. I absolutely believe in the following words of Jesus because I believe in Hebrews 8:10-11. *“Ask and it will be given you, seek and you will find, knock and it will be opened to you. For everyone who asks receives, he who seeks finds and to those who knock it will be opened.”* Mt 7:7 *“If you have the faith the size of a mustard seed, you will say to the mountain move and it will move. Nothing will be impossible for you.”* Mat 17:20. *“Truly, truly I say to you, if you believe in me you will do the works I do and greater works will you do because I go to the Father. Whatever you ask in my name I will do it for the greater glory of the Father through the son. Whatever you ask in my name I will do it”* Jn 14:12 | We write our individual and group script in life. The Book of Revelation is a false book of a doom and gloom future set in stone and I reject it because it is contrary to the teaching of Jesus above and because in my day to day life I am a witness to the truth of the above scripture. We are presently living the beliefs and actions of the world human society in the past. Dr Jwp JD 190829

### NOTES: Dr. John WorldPeace JD

I was born in 1948, in Houston, Texas. I presently live in Albuquerque, New Mexico

In October 1970, I wrote my first poem. Over the last 50, I have written about 3500 poems in various poetic genres. Most of my poems could be looked at as a tiny biography of my life; one-page snap-shots of what I was thinking or experiencing at a particular moment in time.

I have also published selections of the poems. In June 2018, I began to self-publish the selections of poems and all the poems I have ever written to date in chronological order using Amazon's self-publishing software. There will be about 30 poem books in total. I did not try to publish the various books in chronological order.

Along with my free-verse poems, I have published one line (not one sentence) petals (poems) and Haiku which are 3 line poems with 5, 7, 5 syllables per line.

My genetics and my current state of health make me confident, barring some accident, that I will live more than a few years past 100. I will continue to write poems and in fact, will probably increase the volume of poems over the rest of my life.

I do not force my poems. I don't write unless I feel inspired. I have no desire to set a world record for a number of poems written in a lifetime.

The poems are written in a couple of minutes, 2-10, then put away in a binder in chronological order. I have lost less than a dozen poems over the years. Usually within a very few minutes after writing the poem I have no real memory of what I wrote. The edits I make after writing a poem are minimal. Images of the original cursive of many poems are online:

Dr John WorldPeace JD

I do not write poems that rhyme except incidentally. To try to fit a poetic thought into a rhyming format, for me breaks the flow of the poem.

005. My two official wives  
for 19 years each  
were hard-pressed  
and not capable  
of understanding  
the solving

Each morning  
I would give them  
the daily plan

and far too often  
they would say

“You said...”

frustrating to me  
in a complex, intense life

I have to daily

incredible memories  
rich in love

challenges  
overcome

and maybe

I am amazed

I had a chance  
to leave

010. Beginning in June 2018

I began to organize  
my poems  
(which are more  
dynamic than just  
poems)

The processing  
of 50 years  
of poetic notes

in October 2019  
I finished

But between October 1, 2019  
and the end of 2019

I wrote  
77 free-verse  
1000 petals  
250 Haiku

A huge body of  
work for 3 months  
more or less

I understand  
what I am doing  
and have already  
written 12 poems  
in 2020

016. I logged  
another day  
of inner peace

8 days this year

I am living  
a new reality

I needed  
the experience  
of family

but the  
micro reality  
of that experience

was a  
total write-off  
of energy

the global reality  
connects me with  
all fathers and mothers

017. The visual aspect  
of the poisonous  
chemtrails overhead  
is once a week

I see huge crosses  
in the sky

white crosses  
on blue sky

This may be the  
metaphor for  
the projected  
Second Coming  
of the false  
Book of Revelation

or maybe I should  
say the misinterpretation  
for sure the crosses  
are surreal

and poisonous.

023. THE CLOWN AWAY

I saw the  
bell-bottomed clown  
jump into the cloudy  
blue sky

And float fast  
up up and away

He had the sacred  
documents in  
his hand

The world watched  
him go away  
saying he would  
come back  
someday

when the people  
had true love  
in their hearts

and clown happiness  
in their minds

He would be back  
on that day

Dr. John WorldPeace JD - Writing Table

Dr John WorldPeace JD

Who is Dr. John WorldPeace JD ?

When I was 8 years old, I became aware that all human beings die. I became aware that these fragile human bodies are not immortal and eternal but are mortal and finite. I also became aware that at the end of each life, one's consciousness exits this earth dreamscape with nothing but one's experiences. Into this reality, we all come without material possessions, other than our human bodies, and from this reality, we all leave with only the script of our lives which we wrote. That is our testament and upon that testament, we should contemplate; not just when we die but often as we experience this life.

My primary purpose in this life is to challenge the predatory nature of homo sapiens globally. My focus is on bringing forward a more sane and just world human society and thereby increase the level of peace in the world human society.

It is my intention to live a minimalist life to prove that the accumulation of wealth is not necessary for a happy and successful life. In fact, a life of accumulation and attachment to things creates confusion and chaos in one's life as well as the world human society. The only power I will have in this life is the power of the truth of the various aspects of my Advocacy for peace and WorldPeace.

My concept of family discounts biology. All men are my father, brother, son. All women are my mother, sister, daughter. Children are of my body, not my soul.

I do not belong to any organization. I am not a religionist but a spiritualist. The difference is that religion is a licensed corporation. Spirituality is a direct relationship with God. It greatly irritates me for preachers to speak to the congregation as a church. I am not a church. I am a human being.

I changed my name to John WorldPeace (one word) on April 1, 1988, Good Friday and April Fool's day. I changed my name to WorldPeace as evidence of my commitment to increasing the level of peace in the world human society.

I have been self-employed 95% of my working career in insurance, accounting, tax, law, and web design. I will never retire. I am also an artist and writer and poet.

My funds come from my web design business, art, and books. All incoming monies go to promoting my businesses which collaterally promotes WorldPeace in one way or another. My ego is firmly anchored in my WorldPeace Advocacy and not in anyway with the egotistic accumulation and management of physical assets or money in the bank as an objective in my life or measure of success. I am 100% committed to increasing the peace in the world human society and not committed to the accumulation of assets except incidentally, as above, to promote WorldPeace.

I am primarily an Advocate for Peace and WorldPeace, but I am not a pacifist. For the most part, everything I have done in this life has been focused on increasing the level of peace in the world human society. My art, business, writings, education, if you take the time to engage with what I have communicated in words on my flagship website ([johnworldpeace.com](http://johnworldpeace.com)) and deeds, will show a focus on constantly increasing the level of peace in the world human society. For me, it is absolutely critical that my life reflects my philosophy and my cosmology.

How can we increase the level of peace in the world human society if we do not include everyone (all races, all nationalities, all religions, all genders) in our vision of peace? This is the only question that matters to me.
